Thank you, I will let you know.

Good afternoon, Subs,

As you probably know, the Otoe-Missouria Tribe will be purchasing the materials for the project. I am needing all supplier information including name, billing contact address, phone number, w9 and the amount for direct pay for the owner. Please send me this information as soon as possible, as this job is short in duration and we need to get the information to the owners, so that materials can be ordered. Please feel free to contact me if you have any questions.

Per Tami @ Scott & Reid.

Ken

Good evening.

I am hoping you can share some forms or Oder sheets that Turf Hub may be able to provide us with. Jason may have something but I'm not sure. I'd like to develop an app for us to use in estimates and placing orders. I believe this could streamline the process and be very beneficial for Jason.

A complete list of products, equipment, or anything we could possible order for a job (buffet list) if that makes sense.

An exported csv or excel sheet with product info would be really helpful.

Hi Kenneth apologize for the delay. Hope you had a wonderful weekend. To get back to you unfortunately we do not have order forms we provide. Typically y'all just let us know what the sqft of the project is and I send over a detailed estimate with specific cuts if needed. I am more than happy to send some more samples as well which I believe Jason has the ones he prefers. I have attached product and accessories pricing for you. Please note pricing subject to change based on size of project as well. Please let me know if there is anything else I can help with and ill gladly do my best.

Best Regards,
