Jerrold,

Please see quotes attached for Change Orders #1 and #2.

Regarding CO #2, We can't add installation of (15) Picnic Tables for free. We need a minimum for \$1,875 for that portion, as it is added time. That is reflected in the revised CO#2R1 attached. Please review and let me know if you have any questions or need more information.

Regarding the pay app that is due September 18th, which I'm working on putting together now – I have a couple of questions:

1. CO1 should be included on this pay-app, correct?
2. Should CO2 be included since the work will be completed prior to next months pay-app date?

Please let me know so I can ensure everything is reflected and processed accordingly.

Sincerely,

Christopher T. Wilson

Can you include the Picnic Table install within this pricing and return? They will be anchored down with hardware provided by the manufacturer.

Thanks

Jerrold / Brian,

Can either of you let me know where we're at on these? I haven't seen any response or feedback and we're nearing the end of this first phase.

Also, the initial agreement was to install the tables only – however we've ended up assembling and installing them. The assembly added 15-man hours (3 men / 5 hours each) and our intention is to process a charge order for that time. Is that a problem?

Please get back to me and let me know as soon as possible.

Sincerely,

Christopher T. Wilson

Let's get these processed first thing Monday, so we can get these guys paid quickly.

Our invoices and changes need to get processed quicker, so the Trade Contractors can bill for work completed.

Thank you Brian for all you do in helping us navigate the process. I'm excited to get some turf down soon and brighten the place up. This project has met some challenges but I believe it builds character and strengthens relationships. You've got a good staff working for you & with you, Blessed. If I can be of any assistance please let me know.

If S&R are in need for additional subcontractors in the future please consider a couple recommendations.

I have developed some really good relationships over last 5-6 years with a few gentlemen thru the sports complex build. If you're in need for electrical I would recommend Ky (405-532-6861) with KB Electric or William (405-650-8272) Sewar, water, concrete, parking lot, contact William Adcock (AB Construction).
