Gov Stitt,

I'm contemplating a doctoral degree on Oklahoma Youth Sports. I've been researching since April 27, 2005 on economic impact and the Integrity of the Game in pursuing my son's memorial, Brian Crawford Memorial.

I'm a retired DoD Chief Officer Firefighter, Vested in Oklahoma Teacher Retirement, volunteering for Oklahoma American Legion Baseball / Softball. I'm confident in my observation / data that Oklahoma has a chronic systemic issue that needs to be addressed as a culture issue out of compliance.

Pursuing a culture change, I feel, can be accomplished 1 of 2 ways, at the State level or published academia work. I'm requesting Oklahoma Tax Law and its application to youth groups and their operations in Oklahoma.

Does the State of Oklahoma have a youth Sport council?

Kenneth
