Kenneth Crawford <kenneth@bcmsports.net>

to me, Kenneth, melissa.dennis 🔻

Good morning Melissa.

I hope all is well with you this rainy Friday morning. I'm conducting research for my doctoral study Economic Impact vs Integrity of the Game. I've conducted 20 years of research in many areas within our great State of Oklahoma, my State Representatives, municipalities and investors looking for opportunities.

My focus is on our local youth and providing programs. I'd like to visit with you on the role Pott Co plays in our local communities, goals & vision of the board. This will help me look at a broader area than local municipalities without resources or drive.
