Amy Coffman

USSSA Director Activity Profile - Executive Research Summary

USSSA Classification	Total Calculated Team Entry Fees	Baseball	Softball
Area Director	**$77,933**	**$77,933**	**$0**
Teams	**Divisions**	**Minimum Games**	**Minimum Required Officials**
511	**103**	**942**	**1,646**

Executive Overview

The Hidden Valley - Integrity of the Game USSSA Director Activity Profile identifies **Amy Coffman** as a **USSSA Area Director**. The report organizes publicly available Oklahoma USSSA activity into a standardized analytical framework covering sport, teams, divisions, minimum games, minimum required officials, seasons, municipalities, counties, facilities, and Calculated Team Entry Fees. The broader Hidden Valley Oklahoma USSSA Research Dataset (2001-2026) includes tournament and league activity.

This is a USSSA Director Activity Profile, not a revenue, income, compensation, profit, or tax report.

Tournament and League Activity

The broader Hidden Valley dataset includes both tournament play and USSSA league activity. Some league records may identify teams, divisions, dates, directors, facilities, locations, and other operational information while displaying a **$0.00 Team Entry Fee**.

$0.00 in Calculated Team Entry Fees does not necessarily mean $0.00 in documented operational activity. It means the public USSSA information captured did not identify a Team Entry Fee for that record. Additional records would be necessary to determine whether another fee arrangement existed. The methodology does not estimate or impute unsupported fees. This two-page Amy Coffman report does not separately quantify tournament-versus-league activity.

Calculated Team Entry Fee Methodology

Participating Teams x Publicly Posted Team Entry Fee = Calculated Team Entry Fees. This applies to applicable tournament and league records where a Team Entry Fee is publicly identified. Where a public record displays $0.00, the dataset records $0.00 rather than supplying an unsupported estimate.

Calculated Team Entry Fees are analytical measurements derived from public USSSA information. They are not USSSA-reported aggregate revenue, director income, personal compensation, profit, taxable income, net proceeds, or audited financial statements. The **$77,933** displayed here does not establish that Amy Coffman personally received $77,933.

Page 1 - Financial and Operational Analysis

Page 1 reports **$77,933 in total Calculated Team Entry Fees**. The displayed sport breakdown is **baseball - $77,933** and **softball - $0**. All displayed Calculated Team Entry Fee activity is therefore categorized as baseball. The $0 softball scorecard should not automatically be interpreted as proof that no softball operational activity existed because an underlying record can display a $0.00 Team Entry Fee.

The profile identifies **511 teams**, **103 divisions of play**, **942 minimum games played**, and **1,646 minimum required officials**. These operational measures describe scale separately from the Calculated Team Entry Fee measurement.

Calculated Team Entry Fees by Season

Season	Calculated Team Entry Fees
2021	$2,583
2020	$3,885
2019	$6,276
2018	$8,034
2017	$4,707

Season	Calculated Team Entry Fees
2016	$7,884
2015	$14,199
2014	$19,875
2013	$10,490

2014 at $19,875 is the largest displayed season, representing approximately 25.5% of the $77,933 calculated total. The next-largest displayed seasons are **2015 at $14,199** and **2013 at $10,490**. The profile spans nine displayed seasons from 2013 through 2021, with calculated activity peaking in 2014 and generally lower displayed totals in the later years.

This chart measures Calculated Team Entry Fees by season, not necessarily all operational activity occurring during each year. $0.00-fee league/event activity may contribute to operational measures without increasing season-level dollar totals.

Geographic Concentration

Dimension	Association	Calculated Team Entry Fees
Municipality	Skiatook	$77,933
County	Osage	$77,933

100% of the displayed $77,933 is associated with **Skiatook** at the municipality level and **Osage County** at the county level. These are geographic associations in applicable USSSA records and should not be characterized as municipal or county revenue.

Facility Analysis

Facility	Calculated Team Entry Fees
Skiatook Sports Complex	$77,933

The report displays **Skiatook Sports Complex - $77,933** as the sole facility category, representing 100% of the displayed Calculated Team Entry Fee total. It is presented as a **single-facility classification**, not a multi-facility grouping.

The facility chart identifies the facility associated with applicable event records. It does not, by itself, establish how Team Entry Fees were allocated, facility rental payments, revenue sharing, facility income, distributions, net proceeds, or subsequent disposition of event funds.

Page 2 - USSSA Organizational and Financial Structure

Page 2 provides contextual organizational and payment-flow information rather than additional Amy Coffman-specific financial calculations. The organizational authority graphic depicts **USSSA National -> State Director -> Area Director -> Tournament Director -> Tournament/Event -> Teams**.

USSSA National is depicted as establishing rules, policies, and procedures and appointing State Directors. State Directors administer the program within the state, approve events, and oversee Area Directors. Area Directors are depicted as USSSA appointees/independent contractors operating within the jurisdiction defined by the State Director and ensuring compliance with USSSA requirements. Tournament Directors manage sanctioned events, while tournament/event records encompass divisions, entry fees, and teams.

Page 2 reiterates that Tournament Directors at the state level and below are classified by USSSA as Area Directors and that USSSA appointees generally operate as independent contractors rather than employees.

Applicable Online Payment Pathway

The financial-flow infographic depicts an applicable pathway as **Teams -> USSSA Online Payment System -> USSSA -> ACH Transfer -> Event/Fiscal Director -> Tournament Operations**.

The diagram states that teams may pay tournament entry fees during registration; USSSA documentation describes online event-payment processing through its platform; applicable online event payments are processed through USSSA's payment system; and USSSA documentation describes event funds being transmitted to the applicable director through ACH.

The report does **not** establish that every tournament or league payment associated with Amy Coffman necessarily followed this pathway. The infographic summarizes USSSA documentation concerning applicable online event-payment processing rather than tracing a particular Amy Coffman transaction.

> **Critical evidentiary limitation: Page 2 states that the subsequent disposition of event funds is not determined by the dataset unless independently documented. The infographic does not establish ownership of funds, individual compensation, tax liability, legal liability, expenses, profit, or ultimate disposition of tournament proceeds.**

What the Profile Establishes - and What It Does Not

Publicly Documented Activity: Amy Coffman's displayed Area Director classification; sport, teams, divisions, seasons, municipality, county, facility, minimum games, minimum required officials, and related information shown in the profile.

Calculated Financial Activity: participating teams multiplied by publicly posted Team Entry Fees where a fee is identified, producing the displayed $77,933 Calculated Team Entry Fee total.

$0.00-Fee Activity: the broader methodology recognizes that documented tournament or league activity can exist where the publicly available Team Entry Fee reports $0.00; no unsupported fee is imputed.

USSSA Organizational and Payment Documentation: Page 2 provides context concerning director classifications, independent-contractor status, organizational relationships, and applicable online payment processing.

Unknown Financial Activity: the report does not establish locally administered fees, refunds, discounts, expenses, distributions, compensation, net proceeds, tax treatment, or ultimate disposition of event funds.

> **The methodology does not fill evidentiary gaps with assumptions.**

Director-Specific Conclusion

The profile identifies **Amy Coffman as a USSSA Area Director** associated with **$77,933 in total Calculated Team Entry Fees**, displayed as **$77,933 baseball** and **$0 softball**. The report identifies **511 teams, 103 divisions, 942 minimum games, and 1,646 minimum required officials**.

Calculated Team Entry Fee activity is displayed from **2013 through 2021**, with **2014 at $19,875** representing the largest season. The displayed geographic footprint is completely concentrated in **Skiatook / Osage County**, and the facility chart identifies **Skiatook Sports Complex - $77,933** as the sole facility category.

These figures do not establish that Amy Coffman personally received $77,933, nor do they establish that Skiatook, Osage County, or Skiatook Sports Complex received the corresponding amount. The larger Hidden Valley project applies this methodology consistently across approximately 249 Oklahoma USSSA director profiles so that tournament activity, league activity, sport, Calculated Team Entry Fees, $0.00-fee activity, facilities, geographic concentration, and operational scale can be evaluated using a common analytical framework.

Research and Methodology Disclaimer

This report is an independent research and analytical publication and is not affiliated with, endorsed by, sponsored by, or prepared on behalf of USSSA (United States Specialty Sports Association) or any governmental entity. Information is compiled from publicly available USSSA tournament/event information, USSSA By-Laws, USSSA Director Support Center documentation, public records, and related research materials.

Calculated Team Entry Fees are estimates derived by multiplying publicly reported team participation by the posted entry fee applicable to the corresponding tournament, event, or division. These amounts should not be interpreted as USSSA-reported revenue, director income, profit, taxable income, or audited financial statements. Organizational and financial-flow graphics are provided for research and explanatory purposes and should not be interpreted as establishing ownership of funds, individual compensation, tax liability, legal liability, or ultimate disposition of tournament proceeds.

Public records and online information may contain omissions, revisions, errors, cancellations, refunds, discounts, payment adjustments, or other circumstances that cannot be independently verified from publicly available information. This report is presented for research, education, transparency, and public-interest analysis. Readers should independently review cited source materials before drawing legal, financial, tax, or regulatory conclusions.
