Purpose, Scope and Methodology

This professional summary is based on the BIG Show Productions USSSA Director Activity Profile within the **Hidden Valley — Integrity of the Game Oklahoma USSSA Research Dataset (2001–2026)**. The source report identifies BIG Show Productions as a **USSSA Area Director** and organizes publicly available USSSA activity into a common analytical framework.

The dataset includes both **tournament and league play**. Some league records may document teams, divisions, dates and facilities while displaying a **\$0.00 Team Entry Fee**. A \$0.00 fee does not necessarily mean \$0.00 in documented operational activity; the dataset does not impute a fee that is not supported by the public record.

Participating Teams × Publicly Posted Team Entry Fee = Calculated Team Entry Fees. These figures are analytical estimates and should not be interpreted as USSSA-reported aggregate revenue, director income, compensation, profit, taxable income, net proceeds, or audited financial statements.

USSSA Organizational and Financial Structure

The report's second page provides context rather than additional BIG Show Productions-specific financial findings. It depicts the general organizational relationship as **USSSA National → State Director → Area Director → Tournament/Event Administration → Teams**.

The financial portion describes USSSA documentation concerning applicable online event payments as **Teams → USSSA Online Payment System → USSSA → ACH → Event/Fiscal Director**. It should not be interpreted as establishing that every tournament or league payment necessarily followed this pathway.

The subsequent disposition of event funds is not determined by the Hidden Valley dataset unless independently documented.
