Chris Greer

USSSA Director Activity Profile - Executive Research Summary

USSSA Classification	Total Calculated Team Entry Fees	Baseball	Softball
Area Director	$106,500	$0	$106,500
Teams	**Divisions**	**Minimum Games**	**Minimum Required Officials**
658	74	1,707	3,203

Executive Overview

The Hidden Valley - Integrity of the Game USSSA Director Activity Profile identifies **Chris Greer** as a **USSSA Area Director**. The report organizes publicly available Oklahoma USSSA activity into a consistent analytical framework covering sport, teams, divisions, minimum games, minimum required officials, seasons, municipalities, counties, facilities, and Calculated Team Entry Fees. The underlying Hidden Valley dataset includes tournament and league activity and forms part of the Oklahoma USSSA Research Dataset (2001-2026).

This is a USSSA Director Activity Profile, not a revenue, income, compensation, profit, or tax report.

Tournament and League Activity

The Hidden Valley dataset is not limited to tournament play. It also contains USSSA league activity. Some league records may identify participating teams, divisions, start and finish dates, directors, facilities, locations, and other operational information while displaying a **$0.00 Team Entry Fee**.

$0.00 in Calculated Team Entry Fees does not necessarily mean $0.00 in documented operational activity. A $0.00 publicly reported Team Entry Fee means the public USSSA information captured did not identify a Team Entry Fee for that record. It could reflect an apparently free league or another fee arrangement not visible in the public Team Entry Fee field, including the possibility of locally administered fees. The dataset does not state that such fees were collected unless supporting documentation establishes that fact. No unsupported fee is estimated or imputed.

Calculated Team Entry Fee Methodology

Participating Teams x Publicly Posted Team Entry Fee = Calculated Team Entry Fees. This applies to applicable tournament and league records where a Team Entry Fee is publicly identified.

Calculated Team Entry Fees are analytical measurements derived from publicly available USSSA information. They are not USSSA-reported aggregate revenue, director income, personal compensation, profit, taxable income, net proceeds, or audited financial statements. The **$106,500** displayed here does not establish that Chris Greer personally received $106,500.

Sport and Operational Activity

Page 1 reports **$106,500 in total Calculated Team Entry Fees**. The entire displayed calculated amount is categorized as **softball - $106,500**, while baseball displays **$0**. The $0 baseball figure alone does not establish the absence of all baseball operational activity because a tournament or league record can report a $0.00 Team Entry Fee.

The profile identifies **658 teams**, **74 divisions of play**, **1,707 minimum games played**, and **3,203 minimum required officials**. These operational measures describe scale separately from the calculated financial measurement.

Calculated Team Entry Fees by Season

Season	Calculated Team Entry Fees
2011	$3,315
2012	$23,405
2013	$41,240
2014	$38,470
2015	$70

2013 at $41,240 is the largest displayed season, followed closely by 2014 at $38,470. The report also displays 2012 at $23,405, 2011 at $3,315, and 2015 at $70.

The displayed calculated activity rises sharply from 2011 through 2013, remains substantial in 2014, and falls to $70 in 2015. This chart measures Calculated Team Entry Fees by season, not necessarily every form of operational activity occurring during those years. $0.00-fee league/event activity may contribute to operational measures without increasing these dollar totals.

Municipality, County, and Facility Concentration

Dimension	Location / Facility	Calculated Team Entry Fees
Municipality	Owasso	$106,500
County	Tulsa	$106,500
Facility	Owasso Sports Park North	$106,500

100% of the displayed $106,500 in Calculated Team Entry Fees is associated with Owasso, Tulsa County, and Owasso Sports Park North. These values identify geographic and facility associations in the applicable USSSA records. They should not be characterized as municipal, county, or facility revenue.

Owasso Sports Park North is a single-facility classification in this profile. The report does not display a multi-facility grouping for Chris Greer. The $106,500 therefore represents Calculated Team Entry Fee activity associated with records identifying Owasso Sports Park North independently.

The facility chart does not establish allocation of Team Entry Fees, facility rental payments, revenue sharing, facility income, distributions, net proceeds, or subsequent disposition of event funds.

Page 2 - USSSA Organizational and Financial Structure

Page 2 provides organizational and payment-processing context rather than additional Chris Greer-specific financial findings. The infographic depicts the organizational authority flow as **USSSA National -> State Director -> Area Director -> Tournament Director -> Tournament/Event -> Teams**.

The graphic describes USSSA National as establishing rules, policies, and procedures and appointing State Directors; State Directors as administering the USSSA program within the state, approving events, and overseeing Area Directors; Area Directors as USSSA appointees/independent contractors operating within the jurisdiction defined by the State Director; Tournament Directors as managing sanctioned events; and teams as registering for events and potentially paying tournament entry fees.

The report states that Tournament Directors at the state level and below are classified by USSSA as Area Directors and that USSSA appointees generally operate as independent contractors rather than employees.

Applicable Online Payment Pathway

The Page 2 diagram depicts an applicable online pathway as **Teams -> USSSA Online Payment System -> USSSA -> ACH Transfer -> Event/Fiscal Director -> Tournament Operations**. It summarizes USSSA documentation concerning applicable online event-payment processing.

The report does **not** establish that every tournament or league payment associated with Chris Greer necessarily followed this pathway. The diagram provides organizational and payment-processing context rather than proof of the disposition of any particular payment.

> **Critical evidentiary limitation: The subsequent disposition of event funds is not determined by the Hidden Valley dataset unless independently documented. The diagram does not establish ownership of funds, individual compensation, tax liability, legal liability, expenses, profit, or ultimate disposition of tournament proceeds.**

What the Profile Establishes - and What It Does Not

Publicly Documented Activity: directors, teams, divisions, sports, seasons, facilities, municipalities, counties, tournaments/events, leagues where documented, and related operational information appearing in public records.

Calculated Financial Activity: participating teams multiplied by publicly posted Team Entry Fees where a fee is identified.

$0.00-Fee Activity: documented tournament or league activity can exist where the publicly available Team Entry Fee reports $0.00; no unsupported fee is imputed.

USSSA Organizational and Payment Documentation: USSSA materials provide context concerning classifications, independent-contractor status, organizational relationships, and applicable online payment processing.

Unknown Financial Activity: potential locally administered fees, refunds, discounts, expenses, distributions, compensation, net proceeds, tax treatment, and ultimate disposition of event funds cannot be established unless independently documented.

> **The methodology does not fill evidentiary gaps with assumptions.**

What This Report Ultimately Represents

The Chris Greer report should be understood as a **USSSA Director Activity Profile**, rather than simply a revenue report. It organizes who was associated with the activity, the displayed USSSA classification, sport, tournament and league activity where documented, teams and divisions, minimum games and officials, publicly reported Team Entry Fees, Calculated Team Entry Fee activity, seasons, municipalities, counties, facilities, and the organizational/payment structure described in USSSA documentation.

Director-Specific Conclusion

The profile identifies **Chris Greer as a USSSA Area Director** associated with **$106,500 in total Calculated Team Entry Fees**. All displayed calculated activity is categorized as **softball - $106,500**, while baseball displays $0. The profile identifies **658 teams, 74 divisions, 1,707 minimum games, and 3,203 minimum required officials**.

Calculated Team Entry Fee activity is displayed across **2011 through 2015**, with **2013 at $41,240** representing the largest season. The geographic and facility footprint is completely concentrated in **Owasso / Tulsa County / Owasso Sports Park North**, each associated with the full $106,500 calculated total.

Owasso Sports Park North is presented as a single-facility category rather than a multi-facility configuration. These figures do not establish that Chris Greer personally received $106,500, nor do they establish that Owasso Sports Park North, the City of Owasso, or Tulsa County received that amount.

The larger Hidden Valley - Integrity of the Game project applies this methodology consistently across approximately 249 Oklahoma USSSA director profiles so that tournament activity, league activity, sport, Calculated Team Entry Fees, $0.00-fee activity, facilities, geographic concentration, and operational scale can be evaluated through a common analytical framework.

Research and Methodology Disclaimer

This report is an independent research and analytical publication and is not affiliated with, endorsed by, sponsored by, or prepared on behalf of USSSA (United States Specialty Sports Association) or any governmental entity. Information is compiled from publicly available USSSA tournament/event information, USSSA By-Laws, USSSA Director Support Center documentation, public records, and related research materials.

Calculated Team Entry Fees are estimates derived by multiplying publicly reported team participation by the posted entry fee applicable to the corresponding tournament, event, or division. These amounts should not be interpreted as USSSA-reported revenue, director income, profit, taxable income, or audited financial statements. The organizational and financial-flow graphics are provided for research and explanatory purposes and should not be interpreted as establishing ownership of funds, individual compensation, tax liability, legal liability, or ultimate disposition of tournament proceeds.

Public records and online information may contain omissions, revisions, errors, cancellations, refunds, discounts, payment adjustments, or other circumstances that cannot be independently verified from publicly available information. This report is presented for research, education, transparency, and public-interest analysis. Readers should independently review cited source materials before drawing legal, financial, tax, or regulatory conclusions.
