

Curtis Rogers

USSSA Director Activity Profile - Executive Research Summary

USSSA Classification	Total Calculated Team Entry Fees	Baseball	Softball
Area Director	\$110,822	\$110,822	\$0
Teams	Divisions	Minimum Games	Minimum Required Officials
1,117	164	2,550	4,183

Executive Overview

The Hidden Valley - Integrity of the Game USSSA Director Activity Profile identifies **Curtis Rogers** as a **USSSA Area Director**. The report organizes publicly available USSSA activity within the Oklahoma USSSA Research Dataset (2001-2026), including tournament and league activity, sport, teams, divisions, minimum games, minimum required officials, seasons, municipalities, counties, facilities, Calculated Team Entry Fees, and USSSA organizational/payment documentation.

This is a USSSA Director Activity Profile, not a revenue, income, compensation, profit, or tax report.

Tournament and League Activity

The Hidden Valley dataset includes both tournament play and USSSA league activity. Some league records may identify teams, divisions, dates, directors, facilities, locations, and other operational information while displaying a **\$0.00 Team Entry Fee**.

\$0.00 in Calculated Team Entry Fees does not necessarily mean \$0.00 in documented operational activity. It means the public USSSA information captured did not identify a Team Entry Fee for that record. Additional records would be necessary to determine whether another fee arrangement existed. No unsupported fee is estimated or imputed.

Calculated Team Entry Fee Methodology

Participating Teams x Publicly Posted Team Entry Fee = Calculated Team Entry Fees. This applies to applicable tournament and league records where a Team Entry Fee is publicly identified.

Calculated Team Entry Fees are analytical measurements derived from public USSSA information. They are not USSSA-reported aggregate revenue, director income, personal compensation, profit, taxable income, net proceeds, or audited financial statements. The **\$110,822** displayed here does not establish that Curtis Rogers personally received \$110,822.

Sport and Operational Activity

Page 1 reports **\$110,822 in total Calculated Team Entry Fees**. The full displayed calculated amount is categorized as **baseball - \$110,822**, while softball displays **\$0**. The \$0 softball figure alone does not establish the absence of all softball operational activity because a tournament or league record can report a \$0.00 Team Entry Fee.

The profile identifies **1,117 teams**, **164 divisions**, **2,550 minimum games**, and **4,183 minimum required officials**. These operational measures describe scale separately from the calculated financial measurement.

Calculated Team Entry Fees by Season

Season	Calculated Team Entry Fees
2009	\$84,539
2024	\$26,283

2009 at \$84,539 is the dominant displayed season and represents approximately 76.3% of the \$110,822 total. The 2024 season accounts for \$26,283.

The report displays only these two seasons. It does **not** establish continuous Curtis Rogers activity during the 15-year interval between 2009 and 2024, so the methodology does not infer or invent activity for intervening years.

The season chart measures Calculated Team Entry Fees by year, not necessarily all operational activity. \$0.00-fee league/event activity may contribute to operational measures without increasing the chart's dollar totals.

Municipality and County Analysis

Dimension	Location	Calculated Team Entry Fees
Municipality	Moore	\$108,768
Municipality	Sallisaw	\$2,054
County	Cleveland	\$108,768
County	Sequoyah	\$2,054

Moore - \$108,768 represents approximately 98.1% of the displayed calculated activity, while Sallisaw accounts for \$2,054. The county chart mirrors this distribution: **Cleveland - \$108,768** and **Sequoyah - \$2,054**.

These figures identify geographic associations in the applicable records. They should not be characterized as municipal or county revenue.

Facility Analysis

Facility	Calculated Team Entry Fees
Buck Thomas Park	\$108,768
Sallisaw Sports Complex	\$2,054

Buck Thomas Park - \$108,768 is the dominant facility concentration, representing approximately 98.1% of the displayed calculated activity. **Sallisaw Sports Complex - \$2,054** represents the remaining displayed facility-associated activity.

Both are **single-facility categories**. The report does not display a multi-facility grouping for Curtis Rogers. Each amount therefore represents Calculated Team Entry Fee activity associated with records identifying that facility independently.

The facility chart does not establish allocation of Team Entry Fees, facility rental payments, revenue sharing, facility income, distributions, net proceeds, or subsequent disposition of event funds.

Page 2 - USSSA Organizational and Financial Structure

Page 2 provides context rather than additional Curtis Rogers-specific financial findings. It depicts the organizational authority flow as **USSSA National -> State Director -> Area Director -> Tournament Director -> Tournament/Event -> Teams**.

The infographic describes USSSA National as establishing rules, policies, and procedures and appointing State Directors; State Directors as administering the state program, approving events, and overseeing Area Directors; Area Directors as USSSA appointees/independent contractors; Tournament Directors as managing sanctioned events; and teams as registering for events and potentially paying tournament entry fees.

The report states that Tournament Directors at the state level and below are classified by USSSA as Area Directors and that USSSA appointees generally operate as independent contractors rather than employees.

Applicable Online Payment Pathway

The Page 2 diagram depicts an applicable online pathway as **Teams -> USSSA Online Payment System -> USSSA -> ACH Transfer -> Event/Fiscal Director -> Tournament Operations**. It summarizes USSSA documentation concerning applicable online event-payment processing.

The report does **not** establish that every tournament or league payment associated with Curtis Rogers necessarily followed this pathway.

Critical evidentiary limitation: The subsequent disposition of event funds is not determined by the Hidden Valley dataset unless independently documented. The diagram does not establish ownership of funds, individual compensation, tax liability, legal liability, expenses, profit, or ultimate disposition of tournament proceeds.

What the Profile Establishes - and What It Does Not

Publicly Documented Activity: directors, teams, divisions, sports, seasons, facilities, municipalities, counties, tournaments/events, leagues where documented, and related operational information appearing in public records.

Calculated Financial Activity: participating teams multiplied by publicly posted Team Entry Fees where a fee is identified.

\$0.00-Fee Activity: documented tournament or league activity can exist where the publicly available Team Entry Fee reports \$0.00; no unsupported fee is imputed.

USSSA Organizational and Payment Documentation: USSSA materials provide context concerning classifications, independent-contractor status, organizational relationships, and applicable online payment processing.

Unknown Financial Activity: potential locally administered fees, refunds, discounts, expenses, distributions, compensation, net proceeds, tax treatment, and ultimate disposition of event funds cannot be established unless independently documented.

The methodology does not fill evidentiary gaps with assumptions.

What This Report Ultimately Represents

The Curtis Rogers report should be understood as a **USSSA Director Activity Profile**, rather than simply a revenue report. It organizes who was associated with the activity, the displayed classification, sport, tournament and league activity where documented, teams and divisions, minimum games and officials, publicly reported Team Entry Fees, Calculated Team Entry Fee activity, seasons, municipalities, counties, facilities, and the organizational/payment structure described in USSSA documentation.

Director-Specific Conclusion

The profile identifies **Curtis Rogers as a USSSA Area Director** associated with **\$110,822 in total Calculated Team Entry Fees**. All displayed calculated activity is categorized as **baseball - \$110,822**, while softball displays \$0. The profile identifies **1,117 teams, 164 divisions, 2,550 minimum games, and 4,183 minimum required officials**.

Calculated Team Entry Fee activity is displayed in **2009 at \$84,539** and **2024 at \$26,283**. The report does not establish continuous activity between those years, and no intervening-year activity is inferred.

The geographic and facility footprint is overwhelmingly concentrated in **Moore / Cleveland County / Buck Thomas Park**, each associated with \$108,768, while **Sallisaw / Sequoyah County / Sallisaw Sports Complex** accounts for \$2,054. Both facility

entries are single-facility categories.

These figures do not establish that Curtis Rogers personally received \$110,822, nor that the facilities, municipalities, or counties received the corresponding amounts. The larger Hidden Valley project applies this methodology consistently across approximately 249 Oklahoma USSSA director profiles.

Research and Methodology Disclaimer

This report is an independent research and analytical publication and is not affiliated with, endorsed by, sponsored by, or prepared on behalf of USSSA (United States Specialty Sports Association) or any governmental entity. Information is compiled from publicly available USSSA tournament/event information, USSSA By-Laws, USSSA Director Support Center documentation, public records, and related research materials.

Calculated Team Entry Fees are estimates derived by multiplying publicly reported team participation by the posted entry fee applicable to the corresponding tournament, event, or division. These amounts should not be interpreted as USSSA-reported revenue, director income, profit, taxable income, or audited financial statements. Public information may contain omissions, revisions, errors, cancellations, refunds, discounts, payment adjustments, or other circumstances that cannot be independently verified. Readers should independently review cited source materials before drawing legal, financial, tax, or regulatory conclusions.
