Executive Overview

The Hidden Valley - Integrity of the Game USSSA Director Activity Profile identifies **Hunter Burkholder** as a **USSSA Area Director**. The report organizes publicly available Oklahoma USSSA activity into a standardized analytical framework covering sport, teams, divisions, minimum games, minimum required officials, seasons, municipalities, counties, facilities, and Calculated Team Entry Fees. The broader Hidden Valley Oklahoma USSSA Research Dataset (2001-2026) includes tournament and league activity.

This is a USSSA Director Activity Profile, not a revenue, income, compensation, profit, or tax report.

Tournament and League Activity

The master methodology recognizes both tournament play and USSSA league activity. Some league records may identify teams, divisions, dates, directors, facilities, locations, and other operational information while displaying a **$0.00 Team Entry Fee**. A $0.00 public Team Entry Fee does not necessarily mean that no operational activity occurred.

The two-page Hunter Burkholder report does not separately quantify tournament-versus-league activity. Accordingly, no director-specific allocation between tournament and league play is inferred in this summary.

Calculated Team Entry Fee Methodology

Participating Teams x Publicly Posted Team Entry Fee = Calculated Team Entry Fees. Where a public record displays $0.00, the dataset records $0.00 rather than estimating or imputing an unsupported fee.

Calculated Team Entry Fees are analytical measurements derived from public USSSA information. They are not USSSA-reported aggregate revenue, director income, personal compensation, profit, taxable income, net proceeds, or audited financial statements. The **$69,897** displayed here does not establish that Hunter Burkholder personally received $69,897.

Page 1 - Financial and Operational Analysis

Page 1 reports **$69,897 in total Calculated Team Entry Fees**. The displayed sport breakdown is **baseball - $69,897** and **softball - $0**. All displayed Calculated Team Entry Fee activity is therefore categorized as baseball. The $0 softball scorecard should not automatically be interpreted as proof that no softball operational activity existed, because underlying event or league records can display a $0.00 Team Entry Fee.

The profile identifies **326 teams**, **60 divisions of play**, **717 minimum games played**, and **1,342 minimum required officials**. These operational measures describe scale separately from the Calculated Team Entry Fee measurement.

Calculated Team Entry Fees by Season

Season	Calculated Team Entry Fees
2026	$69,897

The report displays one season: **2026 - $69,897**. Because only one season is shown, 2026 is necessarily the highest displayed season and represents 100% of the profile's displayed Calculated Team Entry Fee total. The report does not provide a multi-year trend for Hunter Burkholder.

Municipality and County Analysis

Municipality	Calculated Team Entry Fees	County	Calculated Team Entry Fees
Tahlequah	$48,627	Cherokee	$48,627
Okmulgee	$19,950	Okmulgee	$21,270
Beggs	$1,320		

Tahlequah - $48,627 is the largest municipality association, representing approximately 69.6% of the $69,897 total. The report also displays **Okmulgee - $19,950** and **Beggs - $1,320**.

At the county level, **Cherokee County - $48,627** is the largest concentration, while **Okmulgee County - $21,270** combines the Okmulgee and Beggs municipality amounts. These are geographic associations in applicable USSSA records and should not be characterized as municipal or county revenue.

Facility Analysis

Facility	Calculated Team Entry Fees
Anthis Brennan Sports Complex	$48,627
Claude Cox Omniplex	$19,950
Beggs High School	$1,320

Anthis Brennan Sports Complex - $48,627 is the dominant facility category, followed by **Claude Cox Omniplex - $19,950** and **Beggs High School - $1,320**. Each is displayed as a single-facility category; no multi-facility configuration is shown on Page 1.

The facility chart identifies facilities associated with applicable event records. It does not, by itself, establish allocation of Team Entry Fees, facility rental payments, revenue sharing, facility income, distributions, net proceeds, or subsequent disposition of event funds.

Page 2 - USSSA Organizational and Financial Structure

Page 2 provides contextual organizational and payment-flow information rather than additional Hunter Burkholder-specific financial calculations. The organizational authority graphic depicts **USSSA National -> State Director -> Area Director -> Tournament Director -> Tournament/Event -> Teams**.

USSSA National is depicted as establishing rules, policies, and procedures and appointing State Directors. State Directors administer the USSSA program within the state, approve events, and oversee Area Directors. Area Directors are depicted as USSSA appointees/independent contractors operating within the jurisdiction defined by the State Director and ensuring compliance with USSSA requirements. Tournament Directors manage sanctioned events, while the tournament/event level encompasses divisions, entry fees, and teams.

Page 2 reiterates the report's classification statement that Tournament Directors at the state level and below are classified by USSSA as Area Directors and that USSSA appointees generally operate as independent contractors rather than employees.

Applicable Online Payment Pathway

The financial-flow infographic depicts an applicable pathway as **Teams -> USSSA Online Payment System -> USSSA -> ACH Transfer -> Event/Fiscal Director -> Tournament Operations**.

The graphic states that teams may pay tournament entry fees during registration; USSSA documentation describes online event-payment processing through its platform; applicable online event payments are processed through USSSA's payment system; and USSSA documentation describes event funds being transmitted to the applicable director through ACH.

The report does **not** establish that every tournament or league payment associated with Hunter Burkholder necessarily followed this pathway. The infographic summarizes USSSA documentation concerning applicable online event-payment processing rather than tracing a particular Hunter Burkholder transaction.

> **Critical evidentiary limitation: Page 2 states that the subsequent disposition of event funds is not determined by the dataset unless independently documented. The infographic does not establish ownership of funds, individual compensation, tax liability, legal liability, expenses, profit, or ultimate disposition of tournament proceeds.**

What the Profile Establishes - and What It Does Not

Publicly Documented Activity: Hunter Burkholder's displayed Area Director classification; sport, teams, divisions, season, municipalities, counties, facilities, minimum games, minimum required officials, and related information shown in the profile.

Calculated Financial Activity: participating teams multiplied by publicly posted Team Entry Fees where a fee is identified, producing the displayed $69,897 Calculated Team Entry Fee total.

$0.00-Fee Activity: the broader methodology recognizes that documented tournament or league activity can exist where the publicly available Team Entry Fee reports $0.00; no unsupported fee is imputed. The Hunter Burkholder report itself does not separately identify a $0 facility or season category.

USSSA Organizational and Payment Documentation: Page 2 provides context concerning director classifications, independent-contractor status, organizational relationships, and applicable online payment processing.

Unknown Financial Activity: the report does not establish locally administered fees, refunds, discounts, expenses, distributions, compensation, net proceeds, tax treatment, or ultimate disposition of event funds.

> **The methodology does not fill evidentiary gaps with assumptions.**

What This Report Ultimately Represents

The Hunter Burkholder report should be understood as a **USSSA Director Activity Profile** rather than simply a revenue report. It organizes who was associated with the activity, the displayed USSSA classification, sport, operational scale, Calculated Team Entry Fees, timing, geography, facilities, and the organizational/payment context described in USSSA documentation.

Director-Specific Conclusion

The profile identifies **Hunter Burkholder as a USSSA Area Director** associated with **$69,897 in total Calculated Team Entry Fees**, displayed as **$69,897 baseball** and **$0 softball**. The report identifies **326 teams, 60 divisions, 717 minimum games, and 1,342 minimum required officials**.

All displayed Calculated Team Entry Fee activity occurs in **2026**. The larger Hidden Valley project applies this methodology consistently across approximately 249 Oklahoma USSSA director profiles.
