

Jalyn Koch

USSSA Director Activity Profile - Executive Research Summary

USSSA Classification	Total Calculated Team Entry Fees	Baseball	Softball
Area Director	\$82,603	\$0	\$82,603
Teams	Divisions	Minimum Games	Minimum Required Officials
380	46	1,141	2,260

Executive Overview

The Hidden Valley - Integrity of the Game USSSA Director Activity Profile identifies **Jalyn Koch** as a **USSSA Area Director**. The report organizes publicly available Oklahoma USSSA activity into a standardized analytical framework covering sport, teams, divisions, minimum games, minimum required officials, seasons, municipalities, counties, facilities, and Calculated Team Entry Fees. The broader Hidden Valley Oklahoma USSSA Research Dataset (2001-2026) includes tournament and league activity.

This is a USSSA Director Activity Profile, not a revenue, income, compensation, profit, or tax report.

Tournament and League Activity

The broader Hidden Valley dataset includes both tournament play and USSSA league activity. Some league records may identify teams, divisions, dates, directors, facilities, locations, and other operational information while displaying a **\$0.00 Team Entry Fee**.

\$0.00 in Calculated Team Entry Fees does not necessarily mean \$0.00 in documented operational activity. It means the public USSSA information captured did not identify a Team Entry Fee for that record. On its face, this could indicate no Team Entry Fee or another fee arrangement not visible in the public USSSA Team Entry Fee field. Additional records would be necessary to determine what actually occurred. The methodology does not estimate or impute unsupported fees. This two-page Jalyn Koch report does not separately quantify tournament-versus-league activity.

Calculated Team Entry Fee Methodology

Participating Teams x Publicly Posted Team Entry Fee = Calculated Team Entry Fees. This methodology applies to applicable tournament and league records where a Team Entry Fee is publicly identified. Where the public record displays \$0.00, the dataset records \$0.00 rather than supplying an unsupported estimate.

Calculated Team Entry Fees are analytical measurements derived from public USSSA information. They are not USSSA-reported aggregate revenue, director income, personal compensation, profit, taxable income, net proceeds, or audited financial statements. The **\$82,603** displayed here does not establish that Jalyn Koch personally received \$82,603.

Page 1 - Financial and Operational Analysis

Page 1 reports **\$82,603 in total Calculated Team Entry Fees**. The displayed sport breakdown is **baseball - \$0** and **softball - \$82,603**. Accordingly, all displayed Calculated Team Entry Fee activity is categorized as softball. The \$0 baseball scorecard should not automatically be interpreted as proof that no baseball operational activity existed because an underlying record can display a \$0.00 Team Entry Fee.

The profile identifies **380 teams, 46 divisions of play, 1,141 minimum games played, and 2,260 minimum required officials**. These operational measures describe the scale represented in the underlying records separately from the Calculated Team Entry Fee measurement.

Calculated Team Entry Fees by Season

Season	Calculated Team Entry Fees
2024	\$9,638
2023	\$15,387
2022	\$22,727

Season	Calculated Team Entry Fees
2021	\$31,092
2020	\$3,759

2021 at \$31,092 is the largest displayed season, representing approximately 37.6% of the \$82,603 calculated total. The report then displays **2022 at \$22,727**, **2023 at \$15,387**, **2024 at \$9,638**, and **2020 at \$3,759**. The chart shows a pronounced peak in 2021 followed by lower displayed Calculated Team Entry Fee totals in each subsequent season through 2024.

This chart measures Calculated Team Entry Fees by season, not necessarily all operational activity occurring during each year. \$0.00-fee league/event activity may contribute to operational measures without increasing season-level dollar totals.

Geographic Concentration

Dimension	Association	Calculated Team Entry Fees
Municipality	Elk City	\$82,603
County	Beckham	\$82,603

100% of the displayed \$82,603 is associated with **Elk City** at the municipality level and **Beckham County** at the county level. These values are geographic associations in applicable USSSA event records and should not be characterized as municipal or county revenue.

Facility Analysis

Facility	Calculated Team Entry Fees
Ackley Park West	\$82,603

The report displays **Ackley Park West - \$82,603** as the sole facility category, representing 100% of the displayed Calculated Team Entry Fee total. It is presented as a **single-facility classification**, not a multi-facility grouping.

The facility chart identifies the facility associated with applicable event records. It does not, by itself, establish how Team Entry Fees were allocated, facility rental payments, revenue sharing, facility income, distributions, net proceeds, or subsequent disposition of event funds.

Page 2 - USSSA Organizational and Financial Structure

Page 2 provides contextual organizational and payment-flow information rather than additional Jalyn Koch-specific financial calculations. The organizational authority graphic depicts a progression from **USSSA National -> State Director -> Area Director -> Tournament Director -> Tournament/Event -> Teams**.

USSSA National is depicted as establishing rules, policies, and procedures and appointing State Directors. State Directors administer the program within the state, approve events, and oversee Area Directors. Area Directors are depicted as USSSA appointees/independent contractors operating within the jurisdiction defined by the State Director and ensuring compliance with USSSA requirements. Tournament Directors manage sanctioned events, while tournament/event records encompass divisions, entry fees, and teams.

Page 2 reiterates the report's classification statement that Tournament Directors at the state level and below are classified by USSSA as Area Directors and that USSSA appointees generally operate as independent contractors rather than employees.

Applicable Online Payment Pathway

The financial-flow infographic depicts an applicable pathway as **Teams -> USSSA Online Payment System -> USSSA -> ACH Transfer -> Event/Fiscal Director -> Tournament Operations**.

The graphic states that teams may pay tournament entry fees during registration; USSSA documentation describes online event-payment processing through its platform; applicable online event payments are processed through USSSA's payment system; and USSSA documentation describes event funds being transmitted to the applicable director through ACH.

The report does **not** establish that every tournament or league payment associated with Jalyn Koch necessarily followed this pathway. The infographic summarizes USSSA documentation concerning applicable online event-payment processing rather than tracing a particular Jalyn Koch transaction.

Critical evidentiary limitation: Page 2 states that the subsequent disposition of event funds is not determined by the dataset unless independently documented. The infographic does not establish ownership of funds, individual compensation, tax liability, legal liability, expenses, profit, or ultimate disposition of tournament proceeds.

What the Profile Establishes - and What It Does Not

Publicly Documented Activity: Jalyn Koch's displayed Area Director classification; sport, teams, divisions, seasons, municipality, county, facility, minimum games, minimum required officials, and related information shown in the profile.

Calculated Financial Activity: participating teams multiplied by publicly posted Team Entry Fees where a fee is identified, producing the displayed \$82,603 Calculated Team Entry Fee total.

\$0.00-Fee Activity: the broader methodology recognizes that documented tournament or league activity can exist where the publicly available Team Entry Fee reports \$0.00; no unsupported fee is imputed.

USSSA Organizational and Payment Documentation: Page 2 provides context concerning director classifications, independent-contractor status, organizational relationships, and applicable online payment processing.

Unknown Financial Activity: the report does not establish locally administered fees, refunds, discounts, expenses, distributions, compensation, net proceeds, tax treatment, or ultimate disposition of event funds.

The methodology does not fill evidentiary gaps with assumptions.

What This Report Ultimately Represents

The Jalyn Koch report should be understood as a **USSSA Director Activity Profile** rather than simply a revenue report. It organizes who was associated with the activity, the displayed USSSA classification, sport, operational scale, Calculated Team Entry Fees, timing, geography, facility concentration, and the organizational/payment context described in USSSA documentation.

Director-Specific Conclusion

The profile identifies **Jalyn Koch as a USSSA Area Director** associated with **\$82,603 in total Calculated Team Entry Fees**, displayed as **\$0 baseball** and **\$82,603 softball**. The report identifies **380 teams, 46 divisions, 1,141 minimum games, and 2,260 minimum required officials**.

Calculated Team Entry Fee activity is displayed from **2020 through 2024**, with **2021 at \$31,092** representing the largest season. The displayed geographic footprint is completely concentrated in **Elk City / Beckham County**, and the facility chart identifies **Ackley Park West - \$82,603** as the sole facility category.

These figures do not establish that Jalyn Koch personally received \$82,603, nor do they establish that Elk City, Beckham County, or Ackley Park West received the corresponding amount. The larger Hidden Valley project applies this methodology consistently across approximately 249 Oklahoma USSSA director profiles so that tournament activity, league activity, sport, Calculated Team Entry Fees,

\$0.00-fee activity, facilities, geographic concentration, and operational scale can be evaluated using a common analytical framework.

Research and Methodology Disclaimer

This report is an independent research and analytical publication and is not affiliated with, endorsed by, sponsored by, or prepared on behalf of USSSA (United States Specialty Sports Association) or any governmental entity. Information is compiled from publicly available USSSA tournament/event information, USSSA By-Laws, USSSA Director Support Center documentation, public records, and related research materials.

Calculated Team Entry Fees are estimates derived by multiplying publicly reported team participation by the posted entry fee applicable to the corresponding tournament, event, or division. These amounts should not be interpreted as USSSA-reported revenue, director income, profit, taxable income, or audited financial statements. Organizational and financial-flow graphics are provided for research and explanatory purposes and should not be interpreted as establishing ownership of funds, individual compensation, tax liability, legal liability, or ultimate disposition of tournament proceeds.

Public records and online information may contain omissions, revisions, errors, cancellations, refunds, discounts, payment adjustments, or other circumstances that cannot be independently verified from publicly available information. This report is presented for research, education, transparency, and public-interest analysis. Readers should independently review cited source materials before drawing legal, financial, tax, or regulatory conclusions.
