Jason OConnor

USSSA Director Activity Profile - Executive Research Summary

USSSA Classification	Total Calculated Team Entry Fees	Baseball	Softball
Area Director	$67,722	$0	$67,722
Teams	Divisions	Minimum Games	Minimum Required Officials
505	53	1,425	2,646

Executive Overview

The Hidden Valley - Integrity of the Game USSSA Director Activity Profile identifies **Jason OConnor** as a **USSSA Area Director**. The report organizes publicly available Oklahoma USSSA activity into a standardized analytical framework covering sport, teams, divisions, minimum games, minimum required officials, seasons, municipality, county, facility, and Calculated Team Entry Fees. The broader Hidden Valley Oklahoma USSSA Research Dataset covers 2001-2026.

This is a USSSA Director Activity Profile, not a revenue, income, compensation, profit, or tax report.

Tournament and League Activity

The Hidden Valley methodology is not limited to tournaments; the broader dataset also contains USSSA league activity. Some league records may identify teams, divisions, dates, directors, facilities, locations, and other operational information while displaying a **$0.00 Team Entry Fee**.

$0.00 in Calculated Team Entry Fees does not necessarily mean $0.00 in documented operational activity. A $0.00 public Team Entry Fee means the captured public USSSA information did not identify a Team Entry Fee for that record. Additional records would be required to determine whether another fee arrangement existed. The Jason OConnor two-page profile does not separately quantify tournament-versus-league activity.

Calculated Team Entry Fee Methodology

Participating Teams x Publicly Posted Team Entry Fee = Calculated Team Entry Fees. The methodology applies where a Team Entry Fee is publicly identified. When a public record displays $0.00, the dataset records $0.00 rather than estimating or imputing an unsupported fee.

Calculated Team Entry Fees are analytical measurements derived from public USSSA information. They are not USSSA-reported aggregate revenue, director income, personal compensation, profit, taxable income, net proceeds, or audited financial statements. The **$67,722** displayed here does not establish that Jason OConnor personally received $67,722.

Page 1 - Financial and Operational Analysis

Page 1 reports **$67,722 in total Calculated Team Entry Fees**, displayed as **$0 baseball** and **$67,722 softball**. All displayed Calculated Team Entry Fee activity is therefore categorized as softball. The $0 baseball scorecard should not automatically be interpreted as proof that no baseball operational activity existed because underlying tournament or league records can display a $0.00 Team Entry Fee.

The profile identifies **505 teams**, **53 divisions of play**, **1,425 minimum games played**, and **2,646 minimum required officials**. These operational measures describe scale separately from the Calculated Team Entry Fee measurement.

Calculated Team Entry Fees by Season

Season	Calculated Team Entry Fees
2015	$9,693
2014	$25,113
2013	$20,096
2012	$12,820

2014 at $25,113 is the largest displayed season, approximately 37.1% of the $67,722 total. The report also displays **2013 - $20,096**, **2012 - $12,820**, and **2015 - $9,693**. The chart therefore shows its highest calculated level in 2014, followed by a lower displayed amount in 2015.

This chart measures Calculated Team Entry Fees by season, not necessarily all operational activity occurring during each year. $0.00-fee league/event activity may contribute to operational measures without increasing season-level dollar totals.

Geographic Concentration

Dimension	Association	Calculated Team Entry Fees
Municipality	Citizen Potawatomi Nation	$67,722
County	Pottawatomie	$67,722

100% of the displayed $67,722 is associated with **Citizen Potawatomi Nation** in the municipality dimension and **Pottawatomie County** in the county dimension. These are geographic associations in applicable USSSA records and should not be characterized as governmental, tribal, municipal, or county revenue.

Facility Analysis

Facility	Calculated Team Entry Fees
Firelake Ballfields	$67,722

Firelake Ballfields - $67,722 is the sole facility category displayed, representing 100% of the profile's displayed Calculated Team Entry Fee total. It is a **single-facility classification**; the report does not display a multi-facility grouping for Jason OConnor.

The facility chart identifies the facility associated with applicable event records. It does not, by itself, establish how Team Entry Fees were allocated, facility rental payments, revenue sharing, facility income, distributions, net proceeds, or subsequent disposition of event funds.

Page 2 - USSSA Organizational and Financial Structure

Page 2 provides organizational and payment-flow context rather than additional Jason OConnor-specific financial calculations. The organizational authority graphic depicts **USSSA National -> State Director -> Area Director -> Tournament Director -> Tournament/Event -> Teams**.

The infographic describes USSSA National as establishing rules, policies, and procedures and appointing State Directors. State Directors administer the USSSA program within the state, approve events, and oversee Area Directors. Area Directors are depicted as USSSA appointees/independent contractors operating within the jurisdiction defined by the State Director and ensuring compliance with USSSA requirements. Tournament Directors manage sanctioned events, while the tournament/event level encompasses divisions, entry fees, and teams.

The report states that Tournament Directors at the state level and below are classified by USSSA as Area Directors and that USSSA appointees generally operate as independent contractors rather than employees.

Applicable Online Payment Pathway

The financial-flow infographic depicts an applicable pathway as **Teams -> USSSA Online Payment System -> USSSA -> ACH Transfer -> Event/Fiscal Director -> Tournament Operations**.

The graphic states that teams may pay tournament entry fees during registration; USSSA documentation describes online event-payment processing through its platform; applicable online event payments are processed through USSSA's payment system; and USSSA documentation describes event funds being transmitted to the applicable director through ACH.

The report does **not** establish that every tournament or league payment associated with Jason OConnor necessarily followed this pathway. The infographic summarizes USSSA documentation concerning applicable online event-payment processing rather than tracing a particular Jason OConnor transaction.

> **Critical evidentiary limitation: Page 2 states that the subsequent disposition of event funds is not determined by the dataset unless independently documented. The infographic does not establish ownership of funds, individual compensation, tax liability, legal liability, expenses, profit, or ultimate disposition of tournament proceeds.**

What the Profile Establishes - and What It Does Not

Publicly Documented Activity: Jason OConnor's displayed Area Director classification; sport, teams, divisions, seasons, municipality, county, facility, minimum games, minimum required officials, and related information shown in the profile.

Calculated Financial Activity: participating teams multiplied by publicly posted Team Entry Fees where a fee is identified, producing the displayed $67,722 Calculated Team Entry Fee total.

$0.00-Fee Activity: the broader methodology recognizes documented tournament or league activity where the publicly available Team Entry Fee reports $0.00; no unsupported fee is imputed. The Jason OConnor report itself does not separately identify a $0 facility or season category.

USSSA Organizational and Payment Documentation: Page 2 provides context concerning director classifications, independent-contractor status, organizational relationships, and applicable online payment processing.

Unknown Financial Activity: the report does not establish locally administered fees, refunds, discounts, expenses, distributions, compensation, net proceeds, tax treatment, or ultimate disposition of event funds.

> **The methodology does not fill evidentiary gaps with assumptions.**

What This Report Ultimately Represents

The Jason OConnor report should be understood as a **USSSA Director Activity Profile** rather than simply a revenue report. It organizes who was associated with the activity, the displayed USSSA classification, sport, operational scale, Calculated Team Entry Fees, timing, geography, facility concentration, and the organizational/payment context described in USSSA documentation.

Director-Specific Conclusion

The profile identifies **Jason OConnor as a USSSA Area Director** associated with **$67,722 in total Calculated Team Entry Fees**, displayed as **$0 baseball** and **$67,722 softball**. The report identifies **505 teams, 53 divisions, 1,425 minimum games, and 2,646 minimum required officials**.

Calculated Team Entry Fee activity is displayed from **2012 through 2015**, with **2014 at $25,113** representing the largest season. The displayed geographic footprint is fully concentrated in **Citizen Potawatomi Nation / Pottawatomie County**, and **Firelake Ballfields - $67,722** is the sole facility category.

These figures do not establish that Jason OConnor personally received $67,722, nor do they establish that Citizen Potawatomi Nation, Pottawatomie County, or Firelake Ballfields received the corresponding amount. The larger Hidden Valley project applies this methodology consistently across approximately 249 Oklahoma USSSA director profiles.

Research and Methodology Disclaimer

This report is an independent research and analytical publication and is not affiliated with, endorsed by, sponsored by, or prepared on behalf of USSSA (United States Specialty Sports Association) or any governmental entity. Information is compiled from publicly available USSSA tournament/event information, USSSA By-Laws, USSSA Director Support Center documentation, public records, and related research materials.

Calculated Team Entry Fees are estimates derived by multiplying publicly reported team participation by the posted entry fee applicable to the corresponding tournament, event, or division. These amounts should not be interpreted as USSSA-reported revenue, director income, profit, taxable income, or audited financial statements. Organizational and financial-flow graphics are provided for research and explanatory purposes and should not be interpreted as establishing ownership of funds, individual compensation, tax liability, legal liability, or ultimate disposition of tournament proceeds.

Public records and online information may contain omissions, revisions, errors, cancellations, refunds, discounts, payment adjustments, or other circumstances that cannot be independently verified from publicly available information. This report is presented for research, education, transparency, and public-interest analysis. Readers should independently review cited source materials before drawing legal, financial, tax, or regulatory conclusions.
