Executive Overview

The profile identifies **Julie Dingle** as a **USSSA Area Director**. It organizes publicly available USSSA activity within the Hidden Valley — Integrity of the Game Oklahoma USSSA Research Dataset (2001–2026). The dataset includes tournament and league activity and evaluates sport, teams, divisions, games, officials, seasons, Calculated Team Entry Fees, municipalities, counties, facilities, and USSSA organizational/payment documentation.

Calculated Team Entry Fee Methodology

Participating Teams × Publicly Posted Team Entry Fee = Calculated Team Entry Fees. When a public record displays a $0.00 Team Entry Fee, the dataset records $0.00 rather than estimating an unsupported fee. Calculated Team Entry Fees are analytical measurements and should not be interpreted as USSSA-reported aggregate revenue, director income, compensation, profit, taxable income, net proceeds, or audited financial statements.

Sport and Operational Activity

The report identifies **$187,854** in total Calculated Team Entry Fees, all categorized as **softball**; baseball displays **$0**. The profile also identifies **613 teams**, **56 divisions of play**, **1,645 minimum games**, and **3,264 minimum required officials**. A $0 calculated amount does not, by itself, establish that no operational activity occurred because a tournament or league record can report a $0.00 Team Entry Fee.

Calculated Team Entry Fees by Season

Season	Calculated Team Entry Fees
2010	$28,997
2011	$22,320
2012	$27,712
2013	$14,611
2014	$23,120
2015	$25,721
2016	$25,721
2017	$19,652

The largest season displayed is **2010 at $28,997**, followed by 2012 at $27,712 and 2015 and 2016 at $25,721 each.

Geographic and Facility Analysis

The municipality chart identifies **Tulsa — $182,553** and **Bixby — $5,301**. The county chart associates the entire **$187,854** with **Tulsa County**. The facility chart identifies **Savage Park — $182,553** and **Bentley Sports Complex — $5,301**. These are displayed as separate single-facility categories. These amounts describe geographic and facility associations in the applicable records; they do not establish municipal revenue, county revenue, facility income, rental payments, revenue sharing, or disposition of event funds.

Page 2 — USSSA Organizational Structure

Page 2 provides context rather than additional Julie Dingle-specific financial findings. The infographic depicts the organizational flow as **USSSA National** → **State Director** → **Area Director** → **Tournament Director** → **Tournament/Event** → **Teams**. It states that Tournament Directors at the state level and below are classified by USSSA as Area Directors and that USSSA appointees generally operate as independent contractors rather than employees.

Applicable Online Payment Pathway

The infographic depicts an applicable online event-payment pathway as **Teams** → **USSSA Online Payment System** → **USSSA** → **ACH Transfer** → **Event/Fiscal Director** → **Tournament Operations**. This describes USSSA documentation concerning applicable online payment processing. The report does not establish that every tournament or league payment associated with Julie Dingle necessarily followed this pathway.

Critical Evidentiary Limitation

The subsequent disposition of event funds is not determined by the Hidden Valley dataset unless independently documented. The organizational/payment graphic does not establish ownership of funds, individual compensation, tax liability, legal liability, expenses, profit, or ultimate disposition of tournament proceeds.

What the Profile Establishes — and What It Does Not

Publicly documented activity: directors, teams, divisions, sports, seasons, facilities, municipalities, counties, tournaments/events, leagues where documented, and related operational information.

Calculated financial activity: participating teams multiplied by publicly posted Team Entry Fees where a fee is identified.

$0.00-fee activity: operational activity can remain documented even when the publicly available Team Entry Fee reports $0.00.

Unknown financial activity: locally administered fees, refunds, discounts, expenses, distributions, compensation, net proceeds, tax treatment, and ultimate disposition of funds cannot be established unless independently documented.

Director-Specific Conclusion

The profile identifies **Julie Dingle as a USSSA Area Director** associated with **$187,854 in total Calculated Team Entry Fees**, all categorized as softball. The activity encompasses **613 teams, 56 divisions, at least 1,645 games, and 3,264 minimum required officials**. Activity spans **2010–2017**, with **2010** the largest season at **$28,997**.
