

Keith Graham

USSSA Director Activity Profile - Executive Research Summary

USSSA Classification	Total Calculated Team Entry Fees	Baseball	Softball
Area Director	\$121,375	\$0	\$121,375
Teams	Divisions	Minimum Games	Minimum Required Officials
263	9	823	1,646

Executive Overview

The Hidden Valley - Integrity of the Game USSSA Director Activity Profile identifies **Keith Graham** as a **USSSA Area Director**. It organizes publicly available USSSA activity within the Oklahoma USSSA Research Dataset (2001-2026), including tournament and league activity, sport, teams, divisions, games, officials, seasons, Calculated Team Entry Fees, municipalities, counties, facilities, and organizational/payment documentation.

This is a USSSA Director Activity Profile, not a revenue, income, compensation, profit, or tax report.

Tournament and League Activity

The Hidden Valley dataset includes both tournament play and USSSA league activity. Some league records may identify teams, divisions, start and finish dates, directors, locations, facilities, and other operational information while displaying a **\$0.00 Team Entry Fee**.

\$0.00 in Calculated Team Entry Fees does not necessarily mean \$0.00 in documented operational activity. A \$0.00 publicly reported Team Entry Fee means the public information captured did not identify a Team Entry Fee for that record. The dataset does not state that locally administered fees were collected unless supporting documentation establishes that fact. No unsupported fee is estimated or imputed.

Calculated Team Entry Fee Methodology

Participating Teams x Publicly Posted Team Entry Fee = Calculated Team Entry Fees. This applies where a Team Entry Fee is publicly identified. Calculated Team Entry Fees are analytical measurements and should not be interpreted as USSSA-reported aggregate revenue, director income, personal compensation, profit, taxable income, net proceeds, or audited financial statements.

Accordingly, the **\$121,375** displayed in this profile does not establish that Keith Graham personally received \$121,375.

Sport and Operational Activity

Page 1 reports **\$121,375 in total Calculated Team Entry Fees**, all categorized as **softball**; baseball displays **\$0**. The \$0 baseball figure alone does not establish an absence of all baseball operational activity because a tournament or league record can report a \$0.00 Team Entry Fee.

The profile identifies **263 teams**, **9 divisions of play**, **823 minimum games**, and **1,646 minimum required officials**. These operational measures describe scale separately from the calculated financial measurement.

Calculated Team Entry Fees by Season

Season	Calculated Team Entry Fees
2011	\$25,200

Season	Calculated Team Entry Fees
2014	\$60,544
2015	\$32,637
2016	\$2,994

The largest displayed season is **2014 at \$60,544**, followed by 2015 at \$32,637, 2011 at \$25,200, and 2016 at \$2,994. The season history is non-continuous: the report does not display 2012 or 2013. No activity or amount is inferred for those missing years.

This chart measures Calculated Team Entry Fees by season, not necessarily all operational activity during the year. \$0.00-fee league or event activity may contribute to operational measures without increasing these dollar totals.

Municipality, County, and Facility Analysis

Dimension	Location / Facility	Calculated Team Entry Fees
Municipality	Tulsa	\$121,375
County	Tulsa	\$121,375
Facility	Savage Park	\$121,375

100% of the displayed \$121,375 is associated with Tulsa, Tulsa County, and Savage Park. These are geographic and facility associations in the applicable USSSA records and should not be characterized as municipal, county, or facility revenue.

Savage Park is a single-facility classification in this profile. The \$121,375 represents Calculated Team Entry Fee activity associated with records identifying Savage Park without another facility appearing in that facility grouping. The report does not display a multi-facility configuration for Keith Graham.

The facility chart does not establish how Team Entry Fees were allocated after collection, facility rental payments, revenue sharing, facility income, distributions, net proceeds, or subsequent disposition of event funds.

Page 2 - USSSA Organizational and Financial Structure

Page 2 provides organizational and payment-processing context rather than additional Keith Graham-specific financial findings. The infographic depicts the general authority flow as **USSSA National -> State Director -> Area Director -> Tournament Director -> Tournament/Event -> Teams**.

The graphic describes USSSA National as establishing rules, policies, and procedures and appointing State Directors. State Directors administer the program within the state, approve events, and oversee Area Directors. Area Directors are depicted as USSSA appointees/independent contractors operating within the jurisdiction defined by the State Director. Tournament Directors manage sanctioned events, while teams register for events and may pay tournament entry fees.

The classification statement explains that Tournament Directors at the state level and below are classified by USSSA as Area Directors and that USSSA appointees generally operate as independent contractors rather than employees.

Applicable Online Payment Pathway

The Page 2 diagram depicts an applicable online payment pathway as **Teams -> USSSA Online Payment System -> USSSA -> ACH Transfer -> Event/Fiscal Director -> Tournament Operations**. It describes USSSA documentation concerning applicable online event-payment processing.

The report does **not** establish that every tournament or league payment associated with Keith Graham necessarily followed this pathway.

Critical evidentiary limitation: The subsequent disposition of event funds is not determined by the Hidden Valley dataset unless independently documented. The graphic does not establish ownership of funds, individual compensation, tax liability, legal liability, expenses, profit, or ultimate disposition of tournament proceeds.

What the Profile Establishes - and What It Does Not

Publicly Documented Activity: directors, teams, divisions, sports, seasons, facilities, municipalities, counties, tournaments/events, leagues where documented, and related operational information appearing in the public records.

Calculated Financial Activity: participating teams multiplied by publicly posted Team Entry Fees where a fee is identified.

\$0.00-Fee Activity: documented tournament or league activity can exist where the publicly available Team Entry Fee reports \$0.00; no unsupported fee is imputed.

USSSA Organizational and Payment Documentation: USSSA materials provide context concerning classifications, independent-contractor status, organizational relationships, and applicable online payment processing.

Unknown Financial Activity: potential locally administered fees, refunds, discounts, expenses, distributions, compensation, net proceeds, tax treatment, and ultimate disposition of event funds cannot be established unless independently documented.

The methodology does not fill evidentiary gaps with assumptions.

What This Report Ultimately Represents

The Keith Graham report should be understood as a **USSSA Director Activity Profile**, rather than simply a revenue report. It is designed to organize who was associated with the activity, the displayed USSSA classification, sport, tournament and league activity where documented, teams and divisions, minimum games and officials, publicly reported Team Entry Fees, Calculated Team Entry Fee activity, seasons, municipalities, counties, facilities, and the organizational/payment structure described in USSSA documentation.

Director-Specific Conclusion

The profile identifies **Keith Graham as a USSSA Area Director** associated with **\$121,375 in total Calculated Team Entry Fees**. All displayed calculated activity is categorized as **softball - \$121,375**, while baseball displays \$0. The profile identifies **263 teams, 9 divisions, 823 minimum games, and 1,646 minimum required officials**.

Calculated Team Entry Fee activity is displayed for **2011, 2014, 2015, and 2016**, with **2014 at \$60,544** the largest season. The report does not display 2012 or 2013, and no activity is inferred for those missing years.

The displayed geographic and facility footprint is completely concentrated in **Tulsa / Savage Park / Tulsa County**, each associated with the full **\$121,375** calculated total. Savage Park is presented as a single-facility category rather than a multi-facility configuration.

These figures do not establish that Keith Graham personally received \$121,375, nor do they establish that Savage Park, the City of Tulsa, or Tulsa County received that amount. The larger Hidden Valley project applies this methodology consistently across approximately 249 Oklahoma USSSA director profiles.

Research and Methodology Disclaimer

This report is an independent research and analytical publication and is not affiliated with, endorsed by, sponsored by, or prepared on behalf of USSSA (United States Specialty Sports Association) or any governmental entity. Information is compiled from publicly available USSSA tournament/event information, USSSA By-Laws, USSSA Director Support Center documentation, public records, and related research materials.

Calculated Team Entry Fees are estimates derived from publicly reported team participation multiplied by the posted entry fee applicable to the corresponding tournament, event, or division. These amounts should not be interpreted as USSSA-reported revenue, director income, profit, taxable income, or audited financial statements. Public information may contain omissions, revisions, errors, cancellations, refunds, discounts, payment adjustments, or other circumstances that cannot be independently verified. Readers should independently review cited source materials before drawing legal, financial, tax, or regulatory conclusions.
