HIDDEN VALLEY - INTEGRITY OF THE GAME

USSSA DIRECTOR ACTIVITY PROFILE - TULSA GIRLS SOFTBALL FEDERATION

Metric	Value	Metric	Value
Total Calculated Team Entry Fees	$1,919,274	Baseball	$0
Softball	$1,919,274	Teams	8,487
Minimum Games Played	27,197	Minimum Required Officials	51,948
Divisions of Play	938	USSSA Classification	Area Director

Purpose, Scope and Methodology

This professional report summarizes the **Hidden Valley - Integrity of the Game USSSA Director Activity Profile for Tulsa Girls Softball Federation (TGSF)**. The quantitative findings are derived from the Oklahoma USSSA Research Dataset (2001-2026). Separate historical material concerning Savage Park is presented in its own section so that USSSA quantitative findings are not conflated with historical facility-management evidence.

The broader Hidden Valley dataset includes tournament and league activity. Some league records may document teams, divisions, dates, facilities and other operational activity while displaying a **$0.00 Team Entry Fee**. A $0.00 publicly reported fee does not necessarily mean no operational activity occurred, and the methodology does not impute an unsupported fee.

Participating Teams x Publicly Posted Team Entry Fee = Calculated Team Entry Fees. These figures should not be interpreted as USSSA-reported aggregate revenue, director income, compensation, profit, taxable income, net proceeds or audited financial statements.

TGSF - Sport and Operational Breakdown

The USSSA profile identifies **Tulsa Girls Softball Federation as a USSSA Area Director**. It displays **$1,919,274 in Total Calculated Team Entry Fees**, with **$0 in baseball** and **$1,919,274 in softball**.

Operationally, the profile displays **8,487 teams**, **938 divisions**, **27,197 minimum games played**, and **51,948 minimum required officials**. These measurements describe operational scale separately from the calculated financial measure.

Calculated Team Entry Fees by Season

Season	Calculated Team Entry Fees
2022	$5,320
2021	$133,256
2020	$97,232
2019	$130,573
2018	$198,512
2017	$167,773
2016	$207,282
2015	$185,492
2014	$191,176
Others	$602,658

Among individually displayed years, **2016 is the largest at $207,282**. The aggregated “Others” category is $602,658; the individual years within that category are not established on the profile page. The chart measures Calculated Team Entry Fees rather than every form of operational activity.

Calculated Team Entry Fees by Municipality

Municipality / Configuration	Calculated Team Entry Fees
Tulsa	$1,917,048
Bixby / Tulsa	$1,484
Tulsa / Sand Springs	$742

The geographic concentration is overwhelmingly associated with **Tulsa at $1,917,048**. Combined municipality categories represent one geographic event classification and should not be duplicated across each municipality. These amounts should not be interpreted as municipal revenue.

Calculated Team Entry Fees by Facility

Facility / Configuration	Calculated Team Entry Fees
Savage Park	$1,910,426
Buck Thomas Park	$6,622
Bentley Park Sports Complex / Savage Park	$1,484
Sand Springs Softball Complex / Savage Park	$742

Savage Park - $1,910,426 is the overwhelmingly dominant individually displayed facility category. Buck Thomas Park is separately categorized at $6,622. The Bentley Park Sports Complex / Savage Park and Sand Springs Softball Complex / Savage Park entries are multi-facility configurations; each dollar amount represents one pool of Calculated Team Entry Fee activity associated with that combined configuration and should not be independently attributed in full to each facility.

The source profile does not establish which facility was primary in those combined categories or whether one served as an overflow or satellite location. The facility chart does not establish rental payments, revenue sharing, facility income, allocation of entry fees, distributions, net proceeds or subsequent disposition of event funds.

Calculated Team Entry Fees by County

County / Configuration	Calculated Team Entry Fees
Tulsa	$1,917,048
Tulsa / Wagoner	$1,484
Creek / Osage / Tulsa	$742

The county analysis is likewise overwhelmingly concentrated in **Tulsa County at $1,917,048**. The combined county categories preserve the geographic classifications in the source records and should not be independently attributed in full to every county listed.

Quantitative Concentration

Taken together, the USSSA profile shows a clear concentration: **Tulsa municipality -> Tulsa County -> Savage Park**. This is a quantitative finding about the location of records and Calculated Team Entry Fee activity. It does not, by itself, establish ownership of funds, facility income, or who ultimately received event proceeds.

Separate Historical Evidence - Tulsa Girls Softball Federation and Savage Park

The following material comes from the separately supplied Tulsa Girls Softball Federation historical document and its transcription of a **November 16, 2021** television news report. It is presented as historical management/context evidence and is not part of the USSSA Calculated Team Entry Fee methodology.

The historical material states that TGSF was established in **1967** and had served the community through leagues, tournaments and national championships. It further reports that TGSF had called **Savage Park home for more than 50 years**.

The news material states that TGSF did **not own Savage Park**, while describing the organization's longstanding relationship with the facility. It also reports that TGSF was informed that **Tulsa Little League would become the primary organization managing Savage Park beginning January 1**, while TGSF would remain able to use the park and share it with Tulsa Little League.

This historical evidence supports a distinction between TGSF's longstanding Savage Park relationship through 2021 and the reported change in primary management beginning in 2022. It does not, by itself, establish who controlled each specific USSSA event, who received particular Team Entry Fees, or how event proceeds were allocated after the management transition.

Why the Savage Park Timeline Matters

The USSSA quantitative profile associates **$1,910,426 in Calculated Team Entry Fees with Savage Park**. Separately, the historical material documents a management transition announced in late 2021. These bodies of evidence are relevant to one another, but they should not be merged into an unsupported financial conclusion.

Additional event-level records, permits, leases, facility agreements, contracts, correspondence, USSSA payment records or other financial documentation would be necessary to determine the operational and financial effect of the management transition on specific events.

USSSA Organizational and Financial Structure

Page 2 of the USSSA profile provides organizational and payment-process context rather than additional TGSF-specific financial findings. It depicts the organizational authority flow as **USSSA National -> State Director -> Area Director -> Tournament Director -> Tournament/Event -> Teams**.

The financial-flow portion depicts applicable online event payments as **Teams -> USSSA Online Payment System -> USSSA -> ACH -> Event/Fiscal Director -> Tournament Operations**. The graphic states that subsequent disposition of event funds is not determined by the dataset unless independently documented.

What the Materials Establish - and What They Do Not

Supported by the Supplied Materials	Not Established by the Supplied Materials Alone
TGSF is identified in the profile as a USSSA Area Director.	Personal income or compensation to an individual associated with TGSF.
$1,919,274 in Total Calculated Team Entry Fees, all categorized as softball.	Actual event net profit, taxable income, or audited financial results.
8,487 teams, 938 divisions, 27,197 minimum games and 51,948 minimum officials.	Allocation or ultimate disposition of event funds.
Savage Park is the dominant facility category at $1,910,426.	Facility rental payments, revenue sharing, or facility income.
Historical evidence describes TGSF's decades-long Savage Park relationship and a management change beginning in 2022.	Who controlled or received proceeds from each specific post-transition USSSA event.
TGSF was reported to retain access to Savage Park after the management change.	Whether Tulsa Little League received funds associated with TGSF-labeled USSSA records.

TGSF Profile Summary

The USSSA profile identifies **Tulsa Girls Softball Federation as a USSSA Area Director** and displays **$1,919,274 in Total Calculated Team Entry Fees, all categorized as softball**, associated with **8,487 teams, 938 divisions, 27,197 minimum games played and 51,948 minimum required officials**.

Among individually displayed years, **2016 is the largest season at $207,282**. The activity is overwhelmingly concentrated in **Tulsa and Tulsa County at $1,917,048**, while **Savage Park is the dominant facility at $1,910,426**.

Separately, the historical evidence describes TGSF's more-than-50-year relationship with Savage Park and a reported management transition beginning in January 2022. The appropriate analytical conclusion is that this transition is an important timeline marker warranting additional event-level, facility, contractual and financial records; the supplied materials do not establish a particular post-transition financial outcome.

Research & Methodology Disclaimer

This document is an independent research and analytical publication and is **not affiliated with, endorsed by, sponsored by, or prepared on behalf of USSSA (United States Specialty Sports Association)** or any governmental entity. Information is based on the supplied USSSA profile, publicly available materials summarized in that profile, and the separately supplied historical Savage Park document.

Calculated Team Entry Fees are estimates derived from publicly reported team participation multiplied by posted entry fees where a fee is identified. Public information may contain omissions, revisions, errors, cancellations, refunds, discounts, payment adjustments or other circumstances that cannot be independently verified. The methodology does not fill evidentiary gaps with unsupported assumptions. Readers should independently review source materials before drawing legal, financial, tax or regulatory conclusions.
