Purpose, Scope and Methodology

This updated professional report summarizes the **Hidden Valley - Integrity of the Game USSSA Director Activity Profile for Ted Cox** and identifies his historical role as **Oklahoma USSSA Baseball State Director from 2001 through 2007**. The Oklahoma USSSA Research Dataset (2001-2026) organizes publicly available USSSA activity into a consistent analytical framework covering sport, teams, divisions, minimum games, minimum required officials, Calculated Team Entry Fees, seasons, municipalities, counties, facilities, and USSSA organizational/payment context.

The broader Hidden Valley dataset includes tournament and league activity. Some league records may document teams, divisions, start and finish dates, directors, facilities, locations and other operational information while displaying a **$0.00 Team Entry Fee**. A $0.00 publicly reported fee means the public USSSA information captured in the dataset did not identify a Team Entry Fee for that record; it does not necessarily mean no operational activity occurred.

Participating Teams x Publicly Posted Team Entry Fee = Calculated Team Entry Fees. These amounts should not be interpreted as USSSA-reported aggregate revenue, director income, personal compensation, profit, taxable income, net proceeds, or audited financial statements.

Ted Cox - Oklahoma USSSA Baseball State Director (2001-2007)

For this updated profile, Ted Cox is identified by his historically specific role as **Oklahoma USSSA Baseball State Director, 2001-2007**. This replaces the generic “Area Director” label used in the prior analytical PDF. The general USSSA organizational discussion remains relevant as structural context, but Ted Cox's director-specific designation in this report is State Director.

The profile displays **$802,138 in Total Calculated Team Entry Fees**, all categorized as **baseball - $802,138**, while the softball scorecard displays **$0**. Operationally, the profile displays **7,913 teams**, **1,139 divisions of play**, **17,499 minimum games played**, and **30,648 minimum required officials**.

Calculated Team Entry Fees by Season

Season	Calculated Team Entry Fees
2007	$118,960
2006	$95,498
2005	$45,894
2004	$181,021
2003	$225,762
2002	$98,632
2001	$36,371

2003 is the largest displayed season at $225,762, followed by 2004 at $181,021 and 2007 at $118,960. The displayed activity spans the same 2001-2007 period identified for Ted Cox's Oklahoma USSSA Baseball State Director tenure.

Calculated Team Entry Fees by Municipality

Municipality	Calculated Team Entry Fees
Oklahoma City	$205,590
Tulsa	$84,303
Edmond	$67,276
Claremore	$57,196
Enid	$56,841
Moore	$42,422
Broken Arrow	$39,744
Sapulpa	$36,883
Jenks	$33,820
Others	$178,063

Oklahoma City is the largest individually displayed municipality category at $205,590, followed by Tulsa at $84,303 and Edmond at $67,276. The “Others” category totals $178,063. These values identify geographic associations in public event records and should not be interpreted as municipal revenue.

Calculated Team Entry Fees by Facility

Facility	Calculated Team Entry Fees
Davis Ballpark	$161,713
Tulsa Hilti Park	$72,022
Claremore Youth Baseball Sports Complex	$57,196
Enid Crosslin Park Baseball Complex	$56,841
Hafer Park/A C Caplinger Sports Complex	$53,236
Buck Thomas Park	$42,422
Indian Springs Sports Complex	$39,744
OKC Boomtown Ballyards	$37,715
Sapulpa Baseball Association	$36,883
Others	$244,366

Davis Ballpark - $161,713 is the largest individually displayed facility category, followed by Tulsa Hilti Park at $72,022. The visible facility chart does not display an obvious multi-facility combination among its individually listed categories. The “Others” facility category totals $244,366 and represents additional facility activity not individually displayed.

Facility values identify facilities associated with applicable records. They do not establish allocation of Team Entry Fees, facility rental payments, revenue sharing, facility income, distributions, net proceeds, or subsequent disposition of event funds.

Calculated Team Entry Fees by County

County	Calculated Team Entry Fees
Oklahoma	$272,866
Tulsa	$208,522
Cleveland	$60,830
Rogers	$57,988
Garfield	$56,841
Creek	$36,883
Pottawatomie	$26,389

County	Calculated Team Entry Fees
Washington	$17,785
Muskogee	$16,137
Others	$47,897

Oklahoma County is the largest county category at $272,866, followed by Tulsa County at $208,522. The county findings broadly align with the municipality and facility dimensions, including Oklahoma City/Davis Ballpark and Tulsa-area activity.

Cross-Dimension Geographic and Facility Pattern

The profile shows its largest individually displayed municipality concentration in **Oklahoma City - $205,590**, its largest county concentration in **Oklahoma County - $272,866**, and its largest individually displayed facility concentration at **Davis Ballpark - $161,713**. Tulsa is the second-largest municipality at $84,303 and Tulsa County is the second-largest county at $208,522, while Tulsa Hilti Park is the second-largest individually displayed facility at $72,022.

Because the profile also contains sizable "Others" categories for municipality ($178,063), facility ($244,366), and county ($47,897), the summary does not provide enough information to identify every underlying location contained within those aggregated categories. The methodology does not fill those gaps with assumptions.

USSSA Organizational and Financial Structure

The organizational infographic provides general structural context. It depicts **USSSA National -> State Director -> Area Director -> Tournament Director -> Tournament/Event -> Teams**. Within that structure, this updated report specifically identifies **Ted Cox as the Oklahoma USSSA Baseball State Director for 2001-2007**, rather than labeling him as an Area Director.

The financial-flow portion depicts an applicable online event-payment pathway as **Teams -> USSSA Online Payment System -> USSSA -> ACH -> Event/Fiscal Director -> Tournament Operations**. This is explanatory context and does not establish that every tournament or league payment necessarily followed that exact pathway.

The subsequent disposition of event funds is not determined by the Hidden Valley dataset unless independently documented. The organizational and financial-flow graphics do not establish ownership of funds, individual compensation, tax liability, legal liability, or ultimate disposition of tournament proceeds.

What This Report Ultimately Represents

This document should be understood as a **USSSA Director Activity Profile**, not simply a revenue report. It organizes publicly available USSSA activity associated with Ted Cox during the period corresponding to his identified Oklahoma USSSA Baseball State Director tenure and evaluates sport, teams, divisions, minimum games, minimum required officials, Calculated Team Entry Fees, seasons, municipalities, counties, facilities, and organizational/payment context.

The larger Hidden Valley project applies a standardized methodology across Oklahoma USSSA director profiles while preserving director-specific roles when historically supported. For Ted Cox, that role is presented as **Oklahoma USSSA Baseball State Director, 2001-2007**.

Research & Methodology Disclaimer

This document is an independent research and analytical publication and is **not affiliated with, endorsed by, sponsored by, or prepared on behalf of USSSA (United States Specialty Sports Association)** or any governmental entity. Information is based on publicly available USSSA tournament/event information, USSSA materials, public records, related research materials, and the historical role information supplied for this updated profile.

Financial figures identified as Calculated Team Entry Fees are estimates derived by multiplying publicly reported team participation by the posted entry fee applicable to the corresponding tournament, event or division. These calculated amounts should **not** be interpreted as USSSA-reported revenue, director income, profit, taxable income, or audited financial statements.

Public records and online data may contain omissions, revisions, errors, cancellations, refunds, discounts, payment adjustments, or other circumstances that cannot be independently verified from publicly available information. The Hidden Valley methodology does not fill evidentiary gaps with unsupported assumptions.
