

HIDDEN VALLEY - INTEGRITY OF THE GAME

USSSA DIRECTOR ACTIVITY PROFILE - TRAVIS KELLY

Metric	Value	Metric	Value
Total Calculated Team Entry Fees	\$1,654,046	Baseball	\$1,654,046
Softball	\$0	Teams	8,240
Minimum Games Played	16,473	Minimum Required Officials	30,638
Divisions of Play	1,094	USSSA Classification	Area Director

Purpose, Scope and Methodology

This professional report summarizes the **Hidden Valley - Integrity of the Game USSSA Director Activity Profile for Travis Kelly**. It organizes publicly available Oklahoma USSSA activity into a consistent analytical framework covering sport, teams, divisions, minimum games, minimum required officials, Calculated Team Entry Fees, seasons, municipalities, counties, facilities, and USSSA organizational/payment context.

The broader Hidden Valley dataset includes tournament and league activity. Some league records may document teams, divisions, dates, facilities and other operational information while displaying a **\$0.00 Team Entry Fee**. A \$0.00 publicly reported fee does not necessarily mean no operational activity occurred, and the methodology does not impute an unsupported fee.

Participating Teams x Publicly Posted Team Entry Fee = Calculated Team Entry Fees. These figures should not be interpreted as USSSA-reported aggregate revenue, director income, personal compensation, profit, taxable income, net proceeds or audited financial statements.

Travis Kelly - Sport and Operational Breakdown

The report identifies **Travis Kelly as a USSSA Area Director**. It displays **\$1,654,046 in Total Calculated Team Entry Fees**, all categorized as **baseball**, while the softball scorecard displays **\$0**. A \$0 sport scorecard should not automatically be interpreted as proving no operational record existed in that sport unless the underlying records establish that conclusion.

Operationally, the profile displays **8,240 teams**, **1,094 divisions of play**, **16,473 minimum games played**, and **30,638 minimum required officials**.

Calculated Team Entry Fees by Season

Season	Calculated Team Entry Fees
2025	\$4,312
2024	\$57,175
2023	\$78,638
2022	\$74,660
2021	\$158,960
2020	\$92,042
2019	\$134,247
2018	\$181,786
2017	\$154,418
Others	\$717,808

Among individually displayed seasons, **2018 is the largest at \$181,786**, followed by 2021 at \$158,960 and 2017 at \$154,418. The "Others" category totals \$717,808 and cannot be subdivided from the profile page alone. This chart measures Calculated Team Entry Fees, not necessarily all operational activity occurring in a season.

Calculated Team Entry Fees by Municipality

Municipality / Configuration	Calculated Team Entry Fees
Broken Arrow	\$1,538,055
Broken Arrow / Tulsa	\$64,521
Tulsa	\$40,757
Owasso	\$9,765
Bartlesville	\$948

Broken Arrow is the dominant municipality category at \$1,538,055. Broken Arrow / Tulsa is one combined geographic classification totaling \$64,521 and should not be duplicated across both municipalities. Tulsa also appears independently at \$40,757. These amounts identify geographic associations in the public records and should not be interpreted as municipal revenue.

Calculated Team Entry Fees by Facility

Facility / Configuration	Calculated Team Entry Fees
Indian Springs Sports Complex	\$1,538,055
Indian Springs Sports Complex / Tulsa Hilti Park	\$64,521
Tulsa Hilti Park	\$40,757
Owasso Sports Park North	\$5,040
Owasso Sports Park South	\$4,725
Price Baseball-Softball Fields	\$948
OBrien Park	\$0

Indian Springs Sports Complex - \$1,538,055 is the overwhelmingly dominant independently displayed facility category. The **Indian Springs Sports Complex / Tulsa Hilti Park - \$64,521** category is a multi-facility record: it represents one pool of Calculated Team Entry Fee activity associated with the combined configuration and must not be attributed in full to both facilities independently.

Tulsa Hilti Park also appears independently at **\$40,757**, so the independent and combined classifications remain analytically separate. Owasso Sports Park North and South are likewise preserved as separate source classifications.

OBrien Park - \$0 is a concrete example of a facility appearing in the activity records while contributing \$0 in Calculated Team Entry Fees. The public report alone does not establish whether the activity was offered without a Team Entry Fee or whether another locally administered financial arrangement existed.

The facility chart does not establish allocation of Team Entry Fees among facilities, facility rental payments, revenue sharing, facility income, distributions, net proceeds, or subsequent disposition of event funds. The report also does not establish that a secondary facility served as an overflow or satellite site unless independently documented.

Calculated Team Entry Fees by County

County / Configuration	Calculated Team Entry Fees
Tulsa	\$1,588,577
Tulsa / Wagoner	\$64,521
Washington	\$948

Tulsa County is the dominant county category at \$1,588,577. Tulsa / Wagoner is one combined county classification totaling \$64,521 and should not be independently attributed in full to both counties. Washington County appears independently at \$948.

Cross-Dimension Geographic Pattern

The profile shows a strong concentration around **Broken Arrow / Tulsa County / Indian Springs Sports Complex**. The same \$64,521 amount appears in the combined Broken Arrow / Tulsa municipality classification, Indian Springs Sports Complex / Tulsa Hilti Park facility classification, and Tulsa / Wagoner county classification. These matching values indicate corresponding combined classifications in the profile, but the summary page alone should not be used to infer event-level facts beyond what the report establishes.

The \$948 classifications for Bartlesville, Price Baseball-Softball Fields and Washington County similarly align by amount. These are useful geographic associations but do not establish ownership or distribution of funds.

USSSA Organizational and Financial Structure

Page 2 provides organizational and payment-process context rather than additional Travis Kelly-specific financial findings. The infographic depicts the general authority flow as **USSSA National -> State Director -> Area Director -> Tournament Director -> Tournament/Event -> Teams**.

The financial-flow portion depicts applicable online event payments as **Teams -> USSSA Online Payment System -> USSSA -> ACH -> Event/Fiscal Director -> Tournament Operations**. It describes an applicable online payment pathway and should not be interpreted as establishing that every tournament or league payment necessarily followed that exact pathway.

The subsequent disposition of event funds is not determined by the Hidden Valley dataset unless independently documented. The source disclaimer further states that the organizational and financial-flow graphics do not establish ownership of funds, individual compensation, tax liability, legal liability, or ultimate disposition of tournament proceeds.

What the Report Establishes - and What It Does Not

Publicly Documented / Calculated	Not Established by Dataset Alone
Travis Kelly is identified as a USSSA Area Director.	Personal income or compensation received by Travis Kelly.
\$1,654,046 in Total Calculated Team Entry Fees, categorized as baseball, softball, and soccer.	Actual event net profit, taxable income or audited financial results.
8,240 teams, 1,094 divisions, 16,473 minimum games and 30,638 minimum officials.	Allocation or ultimate disposition of event funds.
Season, municipality, county and facility associations shown in the profile.	Facility rental payments, revenue sharing or facility income.
Single- and multi-location classifications contained in the report.	The full value of a multi-location record independently attributable to each location.
OBrien Park appears with \$0 in Calculated Team Entry Fees.	Whether a \$0.00-fee activity record involved a locally administered fee.

Travis Kelly - Profile Summary

The report identifies **Travis Kelly as a USSSA Area Director** and displays **\$1,654,046 in Total Calculated Team Entry Fees, all categorized as baseball**, associated with **8,240 teams, 1,094 divisions, 16,473 minimum games played, and 30,638 minimum required officials**.

Among individually displayed seasons, **2018 is the largest at \$181,786**, while the aggregated "Others" category totals \$717,808. **Broken Arrow is the dominant municipality category at \$1,538,055, Tulsa County is the dominant county category at \$1,588,577, and Indian Springs Sports Complex is the dominant independently displayed facility at \$1,538,055.**

The profile also contains the important **Indian Springs Sports Complex / Tulsa Hilti Park - \$64,521** multi-facility classification, while Tulsa Hilti Park separately appears at \$40,757. These classifications should remain separate rather than duplicating the \$64,521 across both facilities.

Finally, **OBrien Park - \$0** demonstrates that documented facility activity can appear in the dataset while contributing no dollars to Calculated Team Entry Fees. The report does not establish from the public information alone whether some other locally administered fee or financial arrangement existed.

Research & Methodology Disclaimer

This document is an independent research and analytical publication and is **not affiliated with, endorsed by, sponsored by, or prepared on behalf of USSSA (United States Specialty Sports Association)** or any governmental entity. Information is based on the supplied Travis Kelly USSSA Director Report and its stated publicly available USSSA tournament/event information, USSSA By-Laws, USSSA Director Support Center documentation, public records and related research materials.

Calculated Team Entry Fees are estimates derived from publicly reported team participation multiplied by posted entry fees applicable to corresponding tournaments, events or divisions. Public records and online data may contain omissions, revisions, errors, cancellations, refunds, discounts, payment adjustments or other circumstances that cannot be independently verified. The methodology does not fill evidentiary gaps with unsupported assumptions. Readers should independently review source materials before drawing legal, financial, tax or regulatory conclusions.

The larger Hidden Valley project applies this methodology consistently across approximately 249 Oklahoma USSSA Director Activity Profiles so that tournament activity, league activity, sport, Calculated Team Entry Fees, \$0.00-fee activity, facilities, geographic concentration and operational scale can be evaluated using a common analytical framework.
