Executive Summary

The supplied Gary Gardner director and facility reports document **\$93,521** in calculated USSSA team entry fees across nine listed baseball event rows in Stillwater, Payne County, during the 2011 and 2012 seasons. The profile reports **343 teams**, **711 minimum games**, **1,362 minimum required officials**, and **52 divisions of play**. No softball team entry fees are shown.

The activity is geographically concentrated: the municipality and county views place the full calculated team-entry-fee amount in Stillwater and Payne County. The facility report separates the activity into two facility groupings: Whittenberg Park and a combined Airport East / Airport West / Babcock Park / Strickland Park grouping.

Methodology boundary: "Team Entry Fees" are research calculations based on publicly posted team participation and event entry fees. They are not represented as USSSA-reported revenue, director income, profit, taxable income, or audited financial statements.

Activity Analysis

Calculated Team Entry Fees by Season

2012		\$52,587
2011		\$40,934

2012 accounts for **\$52,587** (56.2%) of the documented calculated team entry fees; 2011 accounts for **\$40,934** (43.8%). The difference is **\$11,653**.

Calculated Team Entry Fees by Facility Grouping

Airport-area multi-park grouping		\$52,587
Whittenberg Park		\$40,934

The dashboard reports two facilities/groupings. One is a combined label naming Airport East, Airport West, Babcock Park and Strickland Park. This summary preserves the source dashboard's two-grouping presentation rather than treating those four names as four independently counted facilities.

Geographic & Operational Scale

The municipality chart assigns the full **\$93,521** to Stillwater, and the county chart assigns the same amount to Payne County. With 343 teams and 711 minimum games, the profile implies about **2.07 minimum games per team appearance**. With 1,362 minimum required officials, the profile implies about **1.92 official assignments per minimum game**. These are ratios calculated from dashboard totals, not payroll records.

Research Interpretation

The supplied reports support an activity map - event rows, participation scale, minimum games, officiating requirements, geography and calculated entry-fee activity. They do not establish ultimate ownership, retention, disposition, tax treatment or personal receipt of the calculated amounts.

Documented Event Ledger

The facility report lists nine event rows. The table below reproduces the season, start date, facility label and calculated team entry fee shown in the supplied source.

Season	Start date	Facility / facility grouping	Calculated team entry fee

2012	Jun 9, 2012	Airport East / Airport West / Babcock Park / Strickland Park	\$13,950
Grand total			\$93,521

Event-level observations

The largest listed event-row calculation is **\$20,580** on May 26, 2012. The smallest is **\$3,792** on March 31, 2012. The five 2011 rows total **\$40,934**; the four 2012 rows total **\$52,587**.

An event-row amount should not be interpreted as a bank deposit, payment to an individual, net proceeds, or retained income. It is the calculated team-entry-fee measure used by the research dataset.

Methodology & Evidentiary Limits

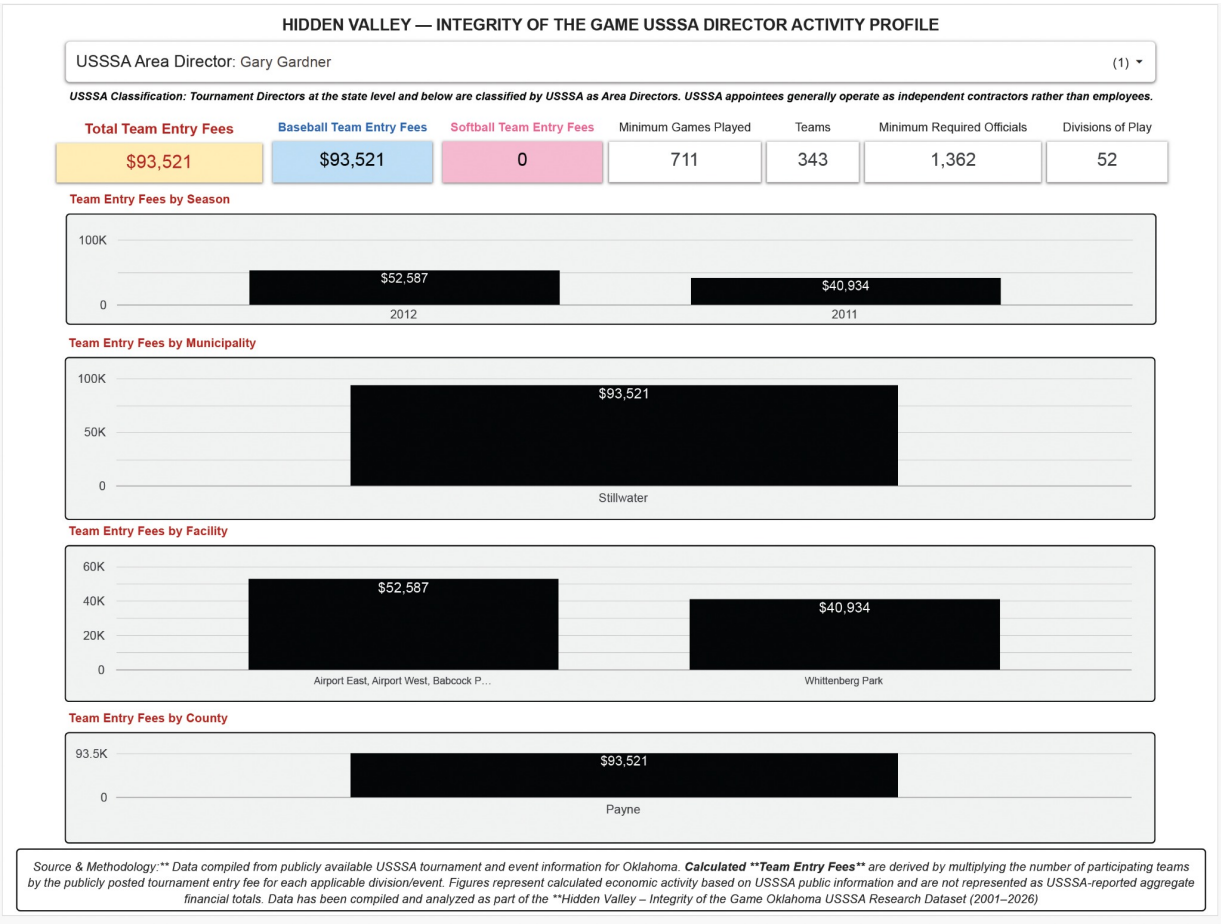

The supplied director report states that data were compiled from publicly available USSSA tournament and event information for Oklahoma, and that calculated Team Entry Fees are derived by multiplying participating teams by the publicly posted tournament entry fee for each applicable division/event.

The report also states that tournament directors at the state level and below are classified by USSSA as Area Directors and that USSSA appointees generally operate as independent contractors rather than employees. This summary repeats that classification as presented in the supplied research source; it is not an independent employment-law determination.

The organizational/payment-flow graphic in the supplied director report depicts teams paying entry fees, applicable online payments being processed through USSSA's system, an ACH transmission to an event/fiscal director, and tournament operations. The graphic expressly states that subsequent disposition of event funds is not determined by the dataset.
