Purpose, Scope and Methodology

This professional report summarizes the **Hidden Valley - Integrity of the Game USSSA Director Activity Profile for HTB Tournaments**. The Oklahoma USSSA Research Dataset (2001-2026) organizes publicly available USSSA activity into a common framework covering sport, teams, divisions, minimum games, minimum required officials, Calculated Team Entry Fees, seasons, municipalities, facilities, and counties.

The broader Hidden Valley dataset includes both tournament and league play. Some league records may document teams, divisions, dates and facilities while displaying a **\$0.00 Team Entry Fee**. A \$0.00 fee does not necessarily mean no operational activity occurred; the dataset does not impute an unsupported fee.

Number of Participating Teams x Publicly Posted Team Entry Fee = Calculated Team Entry Fees. These figures should not be interpreted as USSSA-reported aggregate revenue, director income, compensation, profit, taxable income, net proceeds, or audited financial statements.
